

## **Tennis 2025 at OHCC**

The U.S. Tennis Association recently reported that tennis participation is at an all-time high across the country following five consecutive years of growth. That's music to the ears of our newly reconstituted Racquet Club tennis committee—Margo Barnard, Bill McGrath, David Singer, and Greg Smith—who have gotten organized to offer more ways for our residents to get back into the game.

Resident Greg Smith, a USTPA elite professional who splits the year between Oceanside and the desert, has calendared skills clinics and drill sessions for club members over the next few months along with several free classes for OHCC residents looking to refresh their tennis skills. These small-group sessions require advance sign up and may fill up quickly. Check flyers posted at the courts and emails from our Help Desk. Not a member? Email us so we can include you in our “free clinics” mailings.

Our tennis group is also adding casual post-play socials to the summer calendar aiming to draw more residents down for friendly competition followed by conversation and camaraderie. If you are or were a tennis player – welcome! Be in touch! Help us expand our profile at OHCC!

Tennis committee members David Singer, Margo Barnard, and Greg Smith at the Terrace Courts. Absent member Bill McGrath spends the spring and summer months in Boise.
